Formulation & Key Ingredients

Balanced cream-based exfoliation

A ready-to-use Aloe-enriched cream base combines natural Hazelnut Shell exfoliating beads with Neem oil and Tea Tree, Lavender, Mint and Lime essential oils. The formulation supports uniform spreading, controlled exfoliation and convenient rinse-off without a heavy oily residue.

Aroma profile: Fresh, herbal, minty and citrus

Exfoliant: Plant-derived Hazelnut Shell beads; plastic microbead-free

Benefits & Treatment Applications

Designed for refreshing body-care protocols

Helps remove accumulated dead skin cells, surface impurities and perspiration residue. It is particularly suited to body polishing, back cleansing, hand and foot care, rough areas, and sweat-prone zones during hot, humid and rainy seasons.

Suggested use: Apply to clean, damp skin. Massage gently in circular movements, adjust pressure to the treatment area, then rinse thoroughly or remove with warm damp towels.
