EcoPlanet® Cream-Based Scrub

Green Tea & Indian Spice | 1 Kg

Aloe and vegetable butter-enriched | Plant-derived exfoliation

Ready to use • Non-greasy • Easy rinse-off • Warm Indian spice aroma

EcoPlanetStore.com

Formulation & Key Ingredients

Botanical exfoliation with a distinctive Indian spice profile

An Aloe- and vegetable butter-enriched cream base combines Green Tea botanical particles and natural Hazelnut Shell exfoliating beads with Ginger, Black Pepper, Cinnamon, Cardamom, Clove, Nutmeg and Bay Leaf essential oils. The balanced formulation supports smooth application, controlled exfoliation and convenient rinse-off.

Aroma profile: Warm, spicy, herbal and invigorating

Exfoliation: Green Tea particles and plant-derived Hazelnut Shell beads

Benefits & Recommended Applications

Designed for revitalising body-polishing treatments

Helps remove accumulated dead skin cells, surface impurities and roughness while leaving the skin feeling smoother, softer, conditioned and refreshed. Suitable for full-body exfoliation, back care, hands and feet, rough areas, pre-wrap preparation and pre-massage exfoliation.

Directions: Apply to clean, damp skin. Massage gently in circular movements, adjust pressure to the treatment area, then rinse thoroughly or remove with warm damp towels.

Product Attributes & Use Information

Product profile

Pack size:	1 Kg
Texture:	Non-greasy cream with natural botanical particles
Base:	Aloe- and vegetable butter-enriched cream
Removal:	Easy to rinse and clean

Safety & disclaimer

For external cosmetic use only. Patch test before first use. Avoid eyes, mucous membranes, intimate areas, broken or irritated skin, and freshly shaved or waxed areas. The spice-oil blend may create a mild warming sensation on some skin types. The terms 'revitalising' and 'invigorating' describe sensory attributes only and do not imply circulation, metabolism, weight-loss, pain-relief or medical benefits.
